INDIVIDUAL PROFESSIONAL CLASS

INDIVIDUAL PROFESSIONAL CLASS is designed for business people interested in belonging to the Chamber but who are still seeking employment or who are working for companies who are not interested in joining the Chamber.

It provides a member with priority access to Chamber events at a reduced price, and guarantees insertion into our Member's database, thus ensuring invitations to all networking events, including those held by the Portuguese Business Network. It also guarantees free access to the Job Centre section of the Chamber website.

Recommended for interested individuals working in the UK.
